TUI INDUSTRIAL ACTION
NOVEMBER 2026 DIRECTIVE – PLC/FET Settings

INDUSTRIAL ACTION DIRECTIVE

With effect from Monday, 16 November 2026, TUI members in PLC/FET settings are directed to implement the following measures in addition to all existing industrial action directives.

STUDENT REPORTS AND EXAMINATION RESULTS

Members must not:

- Complete, submit or upload routine student progress reports.
- Enter, upload or submit internal examination results (e.g. term or mock examinations), assessment grades or comments for the purpose of producing formal reports.
- Complete student progress reports or exam results through employer management information and reporting systems (e.g. Tyro, VSware, etc.), paper forms or any other means.

This directive applies to Christmas, Easter, Summer and all other routine progress reports.

Members should continue their normal teaching and assessment duties, including correcting student work and providing appropriate educational and formative feedback directly to students during class time.

The directive does not apply to statutory assessment or reporting requirements, State examinations, Junior Cycle Classroom-Based Assessments, assessment and reporting requirements necessary for certification by QQI, City & Guilds or other awarding bodies, safeguarding obligations, health and safety obligations or information essential to meeting students' special or additional educational needs and/or supports.

TEACHING, LEARNING AND PERSONAL TIME

Members must prioritise teaching, learning and the educational needs of their students.

Members must not:

- Undertake additional work-related activities, meetings, events or initiatives that interfere with their timetabled teaching or the preparation and assessment work directly associated with it.
- Undertake additional work demanded by management or the employer outside their normal professional commitments.

In addition, Adult Educators must:

- Restrict associated hours to activities that directly relate to programme development, preparation for delivery, assessment of learners and PLSS engagement.

Members should continue to meet their safeguarding obligations.

SUSPEND CO-OPERATION WITH M58/04

Members are directed not to co-operate with any meeting scheduled under M58/04, i.e., parent-teacher meetings and staff meetings, until advised otherwise by the TUI.

All existing TUI industrial action directives remain in place. These additional measures will continue until members are advised otherwise by the TUI.

FOLLOW THE DIRECTIVE • STAND TOGETHER • ACT TOGETHER

NOT YET A TUI MEMBER? JOIN NOW

TUI members covered by the Union's ballot and official industrial action are protected when taking part in the action.
If you are eligible for TUI membership and wish to participate, join the TUI today - https://members.tui.ie/account/registration
