**Re: Decision of Special Delegate Conference –
Response from Department of Education and Skills**

Dear Colleague,

Following the decision of the Special Delegate Conference on Saturday last, I wrote to the Department of Education and Skills conveying the decision and have now received a response from the Department which I attach. As anticipated, we are not being invited to discuss these issues and I have been advised that meetings with both ASTI and INTO have been arranged to take place this week.

Yours sincerely,

Dear Peter

Thank you for yesterday's letter advising of the outcome of your union's Special Delegate Conference.

Following your union's rejection of The Croke Park Agreement and subsequent discussions, the Department envisaged that the respective positions might best be reconciled by a process of discussion/elaboration conducted in tandem with a discontinuation of industrial action/directives.

I regret that your conference has decided to maintain the directives in question as this is clearly inconsistent with participation in the process mentioned above.

Yours sincerely

Pat Burke
Assistant Secretary General
