Re: Suspension of Directives – Second Level

Dear Colleague,

Following the recent ballot, I wish to advise that the following directives are suspended forthwith in order to allow the Union enter discussions with the Department of Education and Skills on issues arising from the Public Services Agreement. The directives in question are the

- directive on rotation of post of responsibility duties
- directive on parent/teacher meetings outside of school time
- directive on staff meetings outside of school time and
- directive on school development planning meetings.

Please ensure that all members are aware of this suspension of directives.

Yours sincerely,

Peter MacMenamin
General Secretary
