## **2.5 Application and Recording Procedure for COVID-19 Special Leave With Pay**

- 2.5.1 An employee who begins to display COVID-19 symptoms or who has received a positive COVID-19 antigen/PCR test result must complete the Application Form at [Appendix A](#) of this Circular, to apply for COVID-19 Special Leave with Pay.
- 2.5.2 The employee who receives a positive COVID-19 antigen test result must report this result on the [HSE portal](#). The employee must provide their employer with confirmation of this HSE record, as supporting evidence (screenshot of relevant HSE text message is acceptable as evidence), including the test date.

2.5.3 The employee who receives a positive COVID-19 PCR test result must provide their employer with supporting HSE evidence of the positive COVID-19 PCR test result (screenshot of relevant HSE text message is acceptable as evidence), including the test date.

2.5.4 ETBs must record this leave on their relevant ETB system.

2.5.5 The employer must satisfy themselves with the documentary evidence provided, before recording the period of 'COVID-19: Special Leave With Pay'.

### **3. Ordinary Sick Leave**

3.1.1 Any non-COVID-19 illness must be recorded by the employer as Sick Leave on the relevant ETB system and the terms and conditions of the Sick Leave Scheme will apply. If the employee is subsequently diagnosed with COVID-19, Special Leave With Pay can be retrospectively applied in lieu of the specific period of Sick Leave

### **4. Restricted Movement**

4.1.1 Based on the most recent [HSE advice](#), there is no longer a requirement for a person to restrict their movements if they are a close contact of a confirmed COVID-19 case.

4.1.2 On this basis, an employee who is a close contact of a confirmed case will continue to attend the workplace, as normal and will not be required to work from home during this period. Therefore, from 1<sup>st</sup> July 2022 onwards, access to COVID-19: Restricted Movement ceases.

4.1.3 ETBs must ensure that where on 30<sup>th</sup> June 2022 an employee is recorded as on COVID-19: Restricted Movement, an end-date is recorded on their systems.

### **5. Higher Risk Groups**

#### **5.1 Working Arrangements for Higher Risk Employees – 2021/22 school year**

5.1.1 In the 2021/22 school year, arrangements are in place for the following employee categories to be facilitated by the employer to work from home:-

(a) an employee currently categorised by the Occupational Health Service (OHS) as 'Very High Risk' of serious illness from contracting COVID-19.

(b) a pregnant employee currently categorised by the OHS as 'High Risk' of serious illness from contracting COVID-19, and working in a special education setting.

5.1.2 The OHS COVID-19 Health Risk Categorisation Reports for the employees at (a) and (b) above will expire at the latest on 30<sup>th</sup> June 2022.

5.1.3 The employer is required to insert an end-date of 30<sup>th</sup> June 2022 on the employee's record, as their Health Risk Categorisation Report expires on that date.

5.1.4 An employee in the 'high risk' group, as defined by the [HSE](#) attends the workplace, as normal.

## **5.2 Working Arrangements for Very High Risk Employees from 1<sup>st</sup> July 2022**

- 5.2.1 From the 1<sup>st</sup> July 2022 (in most cases this will come into effect from the commencement of the 2022/23 school year), an employee in the [very high risk group](#) as defined by the HSE, as well as pregnant employees defined in paragraph 5.1.1(b) above, must attend the workplace if they are medically fit for work. The employer has a role in supporting the employee's return to the workplace.
- 5.2.2 An employer therefore can no longer facilitate remote working for an employee in the very high risk group. On this basis, OHS COVID-19 Health Risk Assessments are no longer available.
- 5.2.3 As these employees' OHS health risk categorisation status of 'Very High Risk' are due to expire on 30<sup>th</sup> June 2022, the employer is advised to ensure they carry out a workplace risk assessment, (as detailed at paragraph 1.2 of this Circular), ahead of their return to the workplace.
- 5.2.4 An employee whose OHS health risk categorisation status of 'Very High Risk' is due to expire on 30<sup>th</sup> June 2022 and who considers they are medically unfit for work, must notify the employer immediately. In accordance with the Sick Leave Scheme, the employer must refer the employee to the OHS in line with the protocol laid out in the Employers Procedures Manual (Chapter 2, paragraph 2 'Employment Medical Assessments'). This referral should take place in advance of the 2022/23 school year.
- 5.2.5 Further to paragraph 5.2.4, where the employee is deemed medically unfit for work by the OHS, the terms and conditions of the Sick Leave Scheme will apply for the period until they are medically fit to return to work. The period must be recorded by the employer as 'Certified Sick Leave' on the relevant ETB system.
- 5.2.6 Further to paragraph 5.2.4, where an employee is deemed medically fit for work by the OHS, they may not apply for Critical Illness Provisions (as detailed in the relevant Sick Leave Scheme) due to COVID-19 medical vulnerability alone.
- 5.2.7 A pregnant employee may not apply for Maternity Health and Safety Leave based solely on a COVID-19 risk in the workplace.
